

Shashank Baxi

Front-End Developer(React.js)

 shashankbaxi1@gmail.com  +919340443911  Portfolio  LinkedIn  GitHub

PROFESSIONAL SUMMARY

Front-End Developer and B. Tech Computer Science (Data Science) student skilled in building responsive web applications using HTML, CSS, JavaScript, React.js, and Tailwind CSS. Built and deployed projects including a travel planning website and a React-based e-commerce application. Seeking a trainee or junior front-end role in startup environments.

TECHNICAL SKILL

Languages

- HTML
- CSS
- JavaScript

Frameworks

- React.Js
- Bootstrap
- Tailwind CSS

Developer Tools

- VS Code
- GitHub

PROJECT

Travel Pace Website

- Designed and developed a responsive travel website that allows users to explore destinations and plan itineraries interactively.
- Implemented key features such as destination search, image galleries, and dynamic content updates using vanilla JavaScript. Focused on clean UI/UX design, mobile responsiveness, and user-friendly navigation to enhance the overall browsing experience

Dapper Cart E-Commerce Website

- A modern e-commerce platform developed using React.js, JavaScript (ES6+), and CSS3, showcasing 21+ products with advanced filtering and sorting capabilities.
- Implements React Hooks for state management, local Storage API for cart persistence, and features a complete checkout system with shipping and payment options. Built with Vite and deployed on Vercel for optimal performance.

EXPERIENCE

Web Development, Coincent

05/2023 – 06/2023

Remote

Coincent

Successfully completed a certified course on front-end web development.
